

1. Record Nr.	UNINA9910337519703321
Titolo	Basic Microbiology and Infection Control for Midwives // edited by Elisabeth Presterl, Magda Diab-El Schahawi, Jacqui S. Reilly
Pubbl/distr/stampa	Cham : , : Springer International Publishing : , : Imprint : Springer, , 2019
ISBN	3-030-02026-6
Edizione	[1st ed. 2019.]
Descrizione fisica	1 online resource (207 pages)
Disciplina	618.24 618.20233
Soggetti	Nursing Diseases Practice of medicine Hospitals - Administration Public health Practice and Hospital Management Public Health
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Introduction -- 1. Microbiology and Infection Control. Overview -- 2. Communicable Diseases and Transmission -- 3. Medical Microbiology - Basic Bacteriology -- 4. Bacteriology - Specific Pathogens and Associated Infectious Diseases -- 5. Medical Mycology -- 6. Infectious Diseases and Pregnancy -- 7. Parasitology -- 8. Virology - General -- 9. Virology - Specific Pathogens and Infectious Diseases -- 10. Needle Stick Injuries -- 11. Bloodborne Viral Infections -- 12. Immunology and Vaccinology -- 13. Antimicrobials -- 14. Disinfection -- 15. Sterilisation -- 16. Handling of Reusable Medical Devices -- 17. Environmental Medicine -- 18. Disinfestation.
Sommario/riassunto	This book provides an evidence-based, practical approach to the diagnosis and treatment of the most frequent fungal infections in a general hospital. It offers a comprehensive overview of the basic medical and scientific background of fungal infections and carefully explains and discusses epidemiology, pathogenesis, and clinical

presentation. Readers will acquire a good and clear perception of invasive fungal infections, including diagnosis and treatment. This user-friendly resource not only serves as a valuable tool in clinical management, but also provides the basis for further research questions and studies in this particular field. It will be a useful companion for midwives as well as for doctors, medical and pharmacy students, nurses and other healthcare professionals.
