Pubbl/distr/stampa	Cham : , : Springer International Publishing : , : Imprint : Springer, , 2019
ISBN	3-030-00132-6
Edizione	[1st ed. 2019.]
Descrizione fisica	1 online resource (XII, 201 p. 20 illus., 16 illus. in color.)
Disciplina	616.61 617.4610592
Soggetti	Nephrology Surgical transplantation Transplant Surgery
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Introduction to Kidney Transplantation -- End Stage Renal Disease -- Treatment options: Dialysis vs Transplant -- Pre kidney transplant evaluation -- Kidney transplant-Immunosuppression and Rejection -- Post kidney transplant immediate complications: delayed graft function and wound -- Post kidney transplant: Cardiovascular complications -- Post kidney transplant: Infectious complication -- Post kidney transplant: Malignancies -- Post kidney transplant: Hypertension -- Post kidney transplant: Diabetes -- Post kidney transplant: Obesity -- Post kidney transplant: Hematological complications -- Post kidney transplant: Hematological complications -- Post kidney transplant: Bone Mineral Disease -- Transplant and Pregnancy.
Sommario/riassunto	This concise book provides an overview of the essential aspects of transplant nephrology. Chapters cover patient evaluation, treatment options, complications and post kidney transplant approaches to various common chronic diseases. The importance of proper immunosuppressants adjustment to improve the graft half-life and overall patient quality of life are also highlighted. Up to date and practical, this book gives nephrologists and providers that treat kidney transplant patients a succinct resource on management.
