How Political Discourses and Agendas Reshape the Concept of Youth (Andreas Heinen) -- Part 4. Subjective Processing of Crises -- Chapter 10. Immigrant Children in Switzerland During their Transition to Adulthood in Times of Crises: Lives Caught between Meritocratic Promise and Experiences of Inequality and Insecurity (Eva Mey) -- Chapter 11. Coping Strategies and Capabilities of Migrant Adolescents in Everyday Life Results of a Health-Ethnographic Project (Uwe H. Bittlingmayer) -- Chapter 12. "And then it got Really Hard". Innovative Approaches to Crises Research that Focus Individual Suffering in Times of Crisis (Franz Schultheis).

Sommario/riassunto

This book presents an analysis of the impact of the social crisis on the well-being of children and adolescents in Europe. Focusing on the fields of health, employment and social status, this book highlights that the impact of crisis has to be viewed in light of the state policies in reaction to crisis. Chapters in the book offer new perspectives of a reflexive crisis research objectifying crisis and analyzing what is referred to as crisis by whom, how, for what purposes and with which implicit or explicit solutions. This book offers empirical evidence and unique analytical approaches in the field of a child- and adolescent-oriented crisis research. .
