Collana	SpringerBriefs in Policing, , 2194-6213
Disciplina	363.23 363.23028
Soggetti	Police Management Industrial management Policing Innovation/Technology Management
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	A Digital Decision Support System for Efficient Policing in Urban Security in a Community Policing Context -- Community Policing in the Light of the New European Data Protection Legal Framework -- Augmenting Crime Predictions with Engagement: Synergy of Predictive Policing and Community Policing Paradigms -- STOP, You're on Camera: The Evidentiary Admissibility and Probative Values of Digital Records in Europe.
Sommario/riassunto	This brief examines the interaction and synergy between the philosophical concepts embedded in the ideas of Community Oriented Policing (C.O. P.) and urban security aided by technological innovations. While the philosophy of C.O.P. stresses the importance of collaboration between members of the public and its police forces technology that is becoming rapidly integrated in various police tactics creates new legal challenges and operational hurdles. This approach, coined as "Next Generation Community Policing", is discussed through the chapters of the brief and illustrated with examples from a number of different countries and their approaches to this topic. This Brief will be of

interest to researchers in criminology and criminal justice, particularly in police studies, as well as related fields such as urban security planning and sociology.
