Sommario/riassunto	According to a recent Institute of Medicine report, as many as 98,000 Americans die each year as a result of medical error-a figure higher than deaths from automobile accidents, breast cancer, or AIDS. That astounding number of fatalities does not include the number of those serious mistakes that are grievous and damaging but not fatal. Who can forget the tragic case of 17-year-old Jesica Santillan, who died after

receiving a heart-lung transplant with an incompatible blood type?
What can be done about this? What should be done? How can patients
and their families regain a sense of trust in th

Sommario/riassunto

This book analyses the foreign policy of Silvio Berlusconi, Italian media tycoon and politician who served as Prime Minister of Italy in four governments. The authors examine the Italian position in the international arena and its foreign policy tradition, as well as Berlusconi's general political stance, Berlusconi's foreign policy strategies and the impact of those strategies in Italy. Given that Berlusconi is considered a populist leader, the volume considers his foreign policy as an instance of populist foreign policy - an understudied but increasingly relevant topic. Emidio Diodato is Associate Professor of International Politics and Political Science in the Department of Humanities and Social Sciences at University 'per Stranieri' of Perugia, Italy. Federico Niglia is Adjunct Professor of International History in the Department of Political Sciences of the LUISS Guido Carli in Rome, Italy.
