

1. Record Nr.	UNINA9910338238103321
Titolo	2019 Photonics North (PN) // Institute of Electrical and Electronics Engineers
Pubbl/distr/stampa	[Place of publication not identified] : , : IEEE, , 2019
ISBN	1-7281-3738-1
Descrizione fisica	1 online resource
Disciplina	621.36
Soggetti	Photonics Optics
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	Photonics North is an annual international conference based in Canada open to all participants. It offers a forum and an opportunity to share and exchange views and ideas about scientific and research discoveries and market needs. The program will include the participation of a stellar group of invited researchers representing the latest worldwide trends in photonic research community and in industry.
