"The Blue Passport": Gender and the Social Process of Naturalization among Dominican Immigrants in New York City -- Contributors -- Index

Sommario/riassunto

Resurgent immigration is one of the most powerful forces disrupting and realigning everyday life in the United States and elsewhere, and gender is one of the fundamental social categories anchoring and shaping immigration patterns. Yet the intersection of gender and immigration has received little attention in contemporary social science literature and immigration research. This book brings together some of the best work in this area, including essays by pioneers who have logged nearly two decades in the field of gender and immigration, and new empirical work by both young scholars and well-established social scientists bringing their substantial talents to this topic for the first time.

2. Record Nr.	UNINA9910340846303321
Titolo	Le lapin, de la biologie a l'elevage // Thierry Gidenne, coordinateur
Pubbl/distr/stampa	Versailles Cedex, [France] : , : editions Quae, , 2015 ©2015
ISBN	2-7592-2418-X
Descrizione fisica	1 online resource (355 pages)
Collana	Savoir faire, , 1952-1251
Disciplina	636.9322
