Soggetti	Bee culture Honeybee Insect rearing
Lingua di pubblicazione	Francese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Sommario/riassunto	This book, through its clear explanatory text and admirable illustrations, skilfully lays out the elements of good practice in tropical beekeeping. It explains both traditional techniques using low-cost hives and more advanced methods, pointing out the most appropriate system for the level of investment the beekeeper wishes to make. Existing beekeepers wishing to improve their techniques and those looking to start a new beekeeping enterprise will find the book invaluable.
