Conclusion: 'A New Day Is On The Horizon'?, Rachel Loney-Howes & Bianca Fileborn.

---

### Sommario/riassunto

#MeToo has sparked a global re-emergence of sexual violence activism and politics. This edited collection uses the #MeToo movement as a starting point for interrogating contemporary debates in anti-sexual violence activism and justice-seeking. It draws together 19 accessible chapters from academics, practitioners, and sexual violence activists across the globe to provide diverse, critical, and nuanced perspectives on the broader implications of the movement. It taps into wider conversations about the nature, history, and complexities of anti-rape and anti-sexual harassment politics, including the limitations of the movement including in the global South. It features both internationally recognised and emerging academics from across the fields of criminology, media and communications, film studies, gender and queer studies, and law and will appeal broadly to the academic community, activists, and beyond.
