Soggetti	Democracy - East Asia Human rights - East Asia Capitalism - East Asia East Asia Politics and government
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references (p. [343]-367) and index.
Nota di contenuto	One size doesn't fit all -- The uniquely parochial development of liberal democracy -- Human rights for an East Asian context -- Democracy for an East Asian context -- Capitalism for an East Asian context -- A note on the culturally sensitive approach to political theorizing -- Human rights for an East Asian context -- Just war and Confucianism : implications for the contemporary world -- The ideal world versus nonideal theory -- General Confucian principles of good government -- Mencius on just and unjust war -- Implications for contemporary societies -- Human rights and "values in Asia" : reflections on East-West dialogues -- Trade-offs and priorities -- Asian justifications for human rights -- Values in Asia versus Western liberalism : justifiable moral differences? -- Cross-cultural dialogues on human rights : what

is the point? -- The ethical challenges of international human rights
 NGOs : reflections on dialogues between practitioners and theorists --
 The challenge of cultural conflict -- The challenge of dealing with
 global poverty -- The challenge of dealing with states that restrict the
 activities of INGOs -- The challenge of fund-raising -- Implications for
 INGOs in East Asia -- Democracy for an East Asian context -- What's
 wrong with active citizenship? a comparison of physical education in
 ancient Greece and ancient China -- Two ancient civilizations -- Why
 compare state-sponsored physical education in the two ancient
 civilizations? -- Political competition and sports competition --
 Commercial societies, leisure time, and the pursuit of physical
 excellence -- Implications for contemporary East Asian societies --
 Taking elitism seriously : democracy with Confucian characteristics --
 Political elitism and democracy : two important values --
 Institutionalizing Confucian democracy -- Is democracy the "least bad"
 system for minority groups? -- Some definitions -- Democracy and
 nation building -- Implications for outside prodemocracy forces --
 Democratic education in a multicultural context : lessons from
 Singapore -- Singapore's political history -- Racism in the classroom?
 -- Inclusive multiculturalism -- Beyond Singapore? -- Capitalism for an
 East Asian context -- Culture and egalitarian development : Confucian
 constraints on property rights -- On the selection of feasible and
 desirable Confucian values for modern societies -- The overriding
 value of material welfare -- The value of care for needy family
 members -- Exporting Confucianism? -- East Asian capitalism for an
 age of globalization -- East Asian capitalism and economic productivity
 -- East Asian capitalism and social welfare -- Implications for public
 policy -- Justice for migrant workers? the case of migrant domestic
 workers in East Asia -- The political concerns of foreign domestic
 workers in Hong Kong and Singapore -- Should foreign domestic
 workers be given equal rights? -- The role of culture -- Migrant
 domestic workers in mainland China -- Responses to critics : the real
 and the ideal.

Sommario/riassunto

Is liberal democracy appropriate for East Asia? In this provocative book, Daniel Bell argues for morally legitimate alternatives to Western-style liberal democracy in the region. *Beyond Liberal Democracy*, which continues the author's influential earlier work, is divided into three parts that correspond to the three main hallmarks of liberal democracy--human rights, democracy, and capitalism. These features have been modified substantially during their transmission to East Asian societies that have been shaped by nonliberal practices and values. Bell points to the dangers of implementing Western-style models and proposes alternative justifications and practices that may be more appropriate for East Asian societies. If human rights, democracy, and capitalism are to take root and produce beneficial outcomes in East Asia, Bell argues, they must be adjusted to contemporary East Asian political and economic realities and to the values of nonliberal East Asian political traditions such as Confucianism and Legalism. Local knowledge is therefore essential for realistic and morally informed contributions to debates on political reform in the region, as well as for mutual learning and enrichment of political theories. *Beyond Liberal Democracy* is indispensable reading for students and scholars of political theory, Asian studies, and human rights, as well as anyone concerned about China's political and economic future and how Western governments and organizations should engage with China.
