Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Frontmatter -- Contents -- Introduction -- 1. Implicit content (1): philosophical perspectives -- Unarticulated tension -- What is said -- Context dependency in thought -- 2. Implicit content (2): linguistic perspectives -- Contextual domain restriction and the definite determiner -- The model theory for words with context-sensitive implicit arguments -- Three types of ellipsis -- 3. Relativism, knowledge ascriptions, and predicates of personal taste -- Relativism, disagreement and predicates of personal taste -- Knowledge attributions and relevant epistemic standards -- 4. Perspectival shifts -- On words and thoughts about oneself -- Indirect discourse, relativism, and contexts that point to other contexts -- 5. Perspectival facts -- Is relativity a requirement for mind-dependence? -- Perspectival truth and perspectival realism -- Backmatter
Sommario/riassunto	This volume brings together original papers by linguists and philosophers on the role of context and perspective in language and thought. Several contributions are concerned with the

contextualism/relativism debate, which has loomed large in recent philosophical discussions. In a substantial introduction, the editors survey the field and map out the relevant issues and positions.
