

1. Record Nr.	UNINA9910346672903321
Autore	Djerdj Igor
Titolo	Rietveld Refinement in the Characterization of Crystalline Materials / Igor Djerdj
Pubbl/distr/stampa	MDPI - Multidisciplinary Digital Publishing Institute, 2019 Basel, Switzerland : , : MDPI, , 2019
ISBN	9783038975281 3038975281
Descrizione fisica	1 electronic resource (88 p.)
Soggetti	Chemistry
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	This Special Issue serves as a crystallographic forum covering various aspects of material science that have in common the use of the powerful Rietveld method in the analysis of the powder XRD patterns of investigated compounds.
