

1. Record Nr.	UNINA9910346782203321
Autore	Gültlinger Johannes
Titolo	Kraftübertragung und Fahrbahnverschleiß durch Spikereifen
Pubbl/distr/stampa	KIT Scientific Publishing, 2015
ISBN	1000046299
Descrizione fisica	1 electronic resource (XIII, 169 p. p.)
Collana	Karlsruher Schriftenreihe Fahrzeugsystemtechnik / Institut für Fahrzeugsystemtechnik
Lingua di pubblicazione	Tedesco
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	While studded tires improve force transmission on icy roads, they cause damage of the road surface when running on bare roads. This report describes the interaction between studded tire and road and identifies mechanisms involved in the force transmission and road wear caused by studded tires. Test methods for experimental investigations are presented as well as the influence of different parameters on force transmission and road wear.
