

1. Record Nr.	UNINA9910346866503321
Autore	Riepl David
Titolo	Knowledge-Based Decision Support for Integrated Water Resources Management with an application for Wadi Shueib, Jordan
Pubbl/distr/stampa	KIT Scientific Publishing, 2013
ISBN	1000034325
Descrizione fisica	1 online resource
Soggetti	Social & cultural anthropology, ethnography
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	This book takes a two-staged approach to contribute to the contemporary Integrated Water Resources Management (IWRM) research. First it investigates sub-basin-scale IWRM modelling and scenario planning. The Jordanian Wadi Shueib is used as exemplary case study. Then, it develops a framework to collaboratively manage planning and decision making knowledge on the basis of semantic web technologies. Future IWRM initiatives can benefit from the valuable insights achieved in the presented study.
