

1. Record Nr.	UNINA9910346887103321
Autore	Speiser Sebastian
Titolo	Usage Policies for Decentralised Information Processing
Pubbl/distr/stampa	KIT Scientific Publishing, 2013
ISBN	1000032891
Descrizione fisica	1 online resource (XIII, 174 p. p.)
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	Owners impose usage restrictions on their information, which can be based e.g. on privacy laws, copyright law or social conventions. Often, information is processed in complex constellations without central control. In this work, we introduce technologies to formally express usage restrictions in a machine-interpretable way as so-called policies that enable the creation of decentralised systems that provide, consume and process distributed information in compliance with their usage restrictions.
