Sommario/riassunto	A new examination of the International Criminal Court (ICC) from a political science and international relations perspective. It describes the main features of the court and discusses the political negotiations and the on-going clashes between those states who oppose the court, particularly the United States, and those who defend it. It also makes these issues accessible to non-lawyers and presents effective advocacy strategies for non-governmental organizations. It also delivers essential background to the place of the US in international relations and makes a major contribution to
