| Sommario/riassunto | This is a new analysis of recent changes in important Japanese institutions. It addresses the origin, development, and recent adaptation of core institutions, including financial institutions, |

corporate governance, lifetime employment, and the amakudari system. After four decades of rapid economic growth in Japan, the 1990s saw the country enter a prolonged period of economic stagnation. Policy reforms were initially half-hearted, and businesses were slow to restructure as the global economy changed. The lagging economy has been impervious to aggressive fiscal stimulus measures and ha
