Sommario/riassunto	This is a new exploration of how the events of the twentieth century still cast a shadow over relations between Germany, Poland and the Czech Republic.Using social constructivism theory, it provides a comparative assessment of Germany's post-reunification relations with the Czech Republic and Poland within the framework of the contemporary alliance structure. Identifying the key actors and factors, Cordell and Wolff examine the long-standing continuity in the norms and values that underpin German foreign policy and explore the issues of borders, territory, identities, minorities and po
