Computer Graphics Theory and Applications -- Human Computer Nota di contenuto Interaction Theory and Applications -- Information Visualization Theory and Applications -- Computer Vision Theory and Applications. Sommario/riassunto This book constitutes thoroughly revised and selected papers from the 13th International Joint Conference on Computer Vision, Imaging and Computer Graphics Theory and Applications, VISIGRAPP 2018, held in Funchal-Madeira, Portugal, in January 2018. The 18 thoroughly revised and extended papers presented in this volume were carefully reviewed and selected from 317 submissions. The papers contribute to the understanding of relevant trends of current research on computer graphics; human computer interaction; information visualization;

computer vision.
