Austin -- Struggling with Yugoslavism

: dilemmas of interwar Serb political thought / Marko Bulatovic --
Communist Yugoslavia and its "others" / Dejan Jovic.

Sommario/riassunto

Twentieth-century Southeastern Europe endured three, separate decades of international and civil war, and was marred in forced migration and wrenching systematic changes. This book is the result of a year-long project by the Open Society Institute to examine and reappraise this tumultuous century. A cohort of young scholars with backgrounds in history, anthropology, political science, and comparative literature were brought together for this undertaking. The studies invite attention to fascism, socialism, and liberalism as well as nationalism and Communism. While most chapters deal with war and confrontation, they focus rather on the remembrance of such conflicts in shaping today's ideology and national identity.
