

1. Record Nr.	UNINA9910349547203321
Titolo	Oculofacial, Orbital, and Lacrimal Surgery : A Compendium / / edited by Adam J. Cohen, Cat Nguyen Burkat
Pubbl/distr/stampa	Cham : , : Springer International Publishing : , : Imprint : Springer, , 2019
ISBN	3-030-14092-X
Edizione	[1st ed. 2019.]
Descrizione fisica	1 online resource (801 pages)
Disciplina	617.71
Soggetti	Ophthalmology Mouth - Surgery Maxillofacial surgery Otolaryngology Oral and Maxillofacial Surgery Otorhinolaryngology
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Evaluation of the Oculofacial Patient -- Etiologies of Blepharoptosis -- External Levator Advancement and Resection -- Fasanella-Servat procedure for ptosis correction -- Muller's Muscle-Conjunctival Resection -- Frontalis Sling -- Complication of Blepharoptosis Repair and Their Solutions -- Full Thickness Blepharotomy -- Congenital Eyelid Malpositions and Anomalies -- Trichiasis, Distichiasis and Eyelash Ptosis -- Entropion (Senile and Cicatricial) -- Ectropion (Senile and Cicatricial) and Lower Eyelid Retraction -- Upper Eyelid Retraction -- Eyelid Neoplasia -- Upper Eyelid Defect: Reconstructive Options -- Lower Eyelid Defect: Reconstructive Options -- Medial Canthal Defect: Reconstructive Options -- Introduction to Browlifting -- Cutaneous approaches to Browlift (trichial, pre-trichial, direct, mid forehead, temporal, coronal) -- Endoscopic forehead lifting with fat grafting -- Upper Blepharoplasty (with crease formation, adipose repositioning and corrugator weakening) -- Complications of upper blepharoplasty and their solutions -- Upper Blepharoplasty in the Asian Patient -- Complications of Asian upper blepharoplasty and their

solutions -- Lower Blepharoplasty: Skin Muscle Flap Approach -- Lower Blepharoplasty: Transconjunctival Approach -- Complications of lower blepharoplasty and their solutions -- The importance of the lateral canthal angle and surgical techniques -- The subperiosteal, drill-hole, midface lift -- Transtemporal Midface Lift -- Evaluation of the facelift patient -- Anatomy of Facelifting -- Approaches to Facelifting -- Alloplastic Contouring of the Orbit, Maxillary and Zygomatic Regions -- Autologous Fat Transfer to the Eyelids and Face -- Nonsurgical Periorbital and Facial Rejuvenation: A Paradigm Shift for Patients and Surgeons -- Facial Feminization Surgery -- Evaluation and Imaging of Lacrimal Drainage Disorders -- Punctal disorders, malposition, and management -- Canalicular obstructions and management -- Congenital Lacrimal Gland Disorders and Nasolacrimal Duct Obstruction -- External dacryocystorhinostomy -- Adult endoscopic endonasal dacryocystorhinostomy -- Pediatric endonasal dacryocystorhinostomy -- Adjunctive Endonasal Procedures During Dacryocystorhinostomy -- Transcanalicular Laser-Assisted Dacryocystorhinostomy -- Revision dacryocystorhinostomy -- Conjunctivodacryocystorhinostomy: Indications, tubes and technique -- Dacryocystectomy: Indications and technique -- Congenital Dacryocystocele: Diagnosis and Management -- Orbital Anatomy -- Imaging for orbital diseases: Traditional modalities and Newer concepts -- Transcutaneous and transconjunctival surgical approaches to the orbit -- Endonasal and transcranial surgical approaches to the orbit -- Eyelid Trauma: Principles of Repair and Management Lacrimal -- Trauma: Principles of Repair and Management -- Orbital Fractures -- Midfacial fractures -- Evisceration and Enucleation -- Orbital Exenteration -- Orbital Implants: Classification and Outcomes -- Evaluation of the socket -- Surgical management of the contracted socket -- Management of clinical anophthalmos in children -- Ocular and Scleral Shell prostheses -- Oculofacial Prosthetic Rehabilitation and Osseointegrated Implants.

---

#### Sommario/riassunto

This comprehensive text covers both core and advanced principles within oculofacial, orbital, and lacrimal surgery with extensive detail not found in any other current book on the subject. Richly illustrated with hundreds of images, *Oculofacial, Orbital, and Lacrimal Surgery: A Compendium* is written and edited by international leaders in fields spanning ophthalmology, otolaryngology, oral and maxillofacial surgery, and plastic surgery. Covering topics such as embryology, anatomy, and physiology of the lacrimal system, imaging for orbital diseases and thyroid-related ophthalmology, and flap geometry and planning, this book is an excellent resource for those in training, as well as seasoned clinicians looking to stay current. This book is divided into five sections: Eyelid, Oculofacial, Lacrimal, Orbit, and Socket, with each section containing detailed chapters addressing evaluation, imaging, and various surgical approaches and management. Designed to not only provide an anatomical and surgical guide for all three types of surgeries, but to help physicians avoid mistakes and correct complications of patients referred to them, *Oculofacial, Orbital, and Lacrimal Surgery: A Compendium* is the definitive, authoritative reference on this complex field.

2. Record Nr.	UNINA9911010535003321
Autore	Valpey Kenneth R
Titolo	Yoga and Animal Ethics / / by Kenneth R. Valpey
Pubbl/distr/stampa	Cham : , : Springer Nature Switzerland : , : Imprint : Palgrave Macmillan, , 2025
ISBN	3-031-93361-3
Edizione	[1st ed. 2025.]
Descrizione fisica	1 online resource (XXIX, 300 p.)
Collana	The Palgrave Macmillan Animal Ethics Series, , 2634-6680
Disciplina	179.3
Soggetti	Animal welfare - Moral and ethical aspects Ethnology - Asia Culture Philosophy of nature Hinduism Animal Ethics Asian Culture Philosophy of Nature
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Ch 1: Introduction—Bringing Yoga and Animal Ethics Together -- Part I: Yoga and the Dialectics of Animal/Self Sacrifice -- Ch 2: Yoga as Reaction to Animal Sacrifice -- Ch 3: Dharma, Yoga, and Animals in the Mahbhrata -- Part II: Yoga Ascent, Animal Ethics: Body, Self, and Other in Classical Yoga -- Ch 4: Yoga Ethics: Restraints (yama) and Observances (niyama) -- Ch 5: Embodied Yoga in Pursuit of Equal Vision -- Ch 6: Minding Animals: The Meditational Turn -- Part III: Being Animal, Becoming Devotional Subjects -- Ch 7: The Bhagavadgt's Three Approaches to Animal Ethics -- Ch 8: Animals, Personhood, Wonder, and Bhakti-yoga -- Ch 9: Concluding Reflections: Yoga, Animals, Environment.
Sommario/riassunto	“By decentering our anthropocentric presuppositions on horizons of continuity across divine, human, and animal domains, we may yet be able to recover our fundamental kinship with the presence of personality in the world. In this work, animated both by careful textual scholarship and by deep spiritual sensibility, Valpey evocatively situates

therapeutic practices of re-yoking under a spiritual canopy that would shepherd an all-inclusive freedom.” —Ankur Barua, Senior Lecturer in Hindu Studies, University of Cambridge, UK This open access book offers a comprehensive understanding of yoga theory and practice as it bears on several dimensions of animal-related ethical reflection and action. “Yoga” has become a household word in recent decades and, increasingly, has drawn physical yoga practitioners to explore its philosophy; significantly, classical yoga philosophy and praxis are deeply grounded in realizing the self in relation with all beings as non-material selves. Therefore yoga provides an ideal entry-way into contemporary animal ethics discourse, contributing particularly in its appeal to the experiential dimension of human self-understanding in relation to nonhuman animals. Kenneth R. Valpey is a research fellow of the Oxford Centre for Hindu Studies, and a fellow of the Oxford Centre for Animal Ethics, UK.
