| Titolo | Fractures of the Elbow : A Clinical Casebook / / edited by Nirmal C. Tejwani |
| Pubbl/distr/stampa | Cham : , : Springer International Publishing : , : Imprint : Springer, , 2019 |
| ISBN | 3-030-22857-6 |
| Edizione | [1st ed. 2019.] |
| Descrizione fisica | 1 online resource (220 pages) |
| Disciplina | 617.157 617.574 |
| Soggetti | Orthopedics Sports medicine Sports Medicine |
| Lingua di pubblicazione | Inglese |
| Formato | Materiale a stampa |
| Livello bibliografico | Monografia |
| Nota di contenuto | Supracondylar Humerus Extra-articular Fracture -- Pediatric Supracondylar Humerus Fractures -- Distal Humerus: Intra-articular Fractures with ORIF and Dual Plating -- Distal Humerus Fracture: Total Elbow Arthroplasty -- Distal Humerus: Coronal Shear (Capitellum) Fractures -- Distal Humerus: Unicondylar Fractures -- Pediatric Lateral Condyle Humerus Fracture -- Distal Humerus Nonunion Treated with Open Reduction and Internal Fixation -- Elbow Fracture Dislocation Treated with Replacement -- The Chronic (Missed) Elbow Dislocation -- Olecranon Fracture: Tension Band Wiring -- Olecranon Fracture: Plating Techniques -- Failed Olecranon Fixation -- Coronoid Fracture: Open Reduction, Internal Fixation -- Radial Head and Neck Fractures: Open Reduction and Internal Fixation -- Radial Head Replacement for an Acute Complex Radial Head Fracture -- Monteggia Fracture-Dislocation: Ulna Fixation Only -- Monteggia Fracture-Dislocation: Ulna and Radius Fixation -- Monteggia Fracture Dislocation: Ulna Fixation with Radial Head Replacement -- Proximal Both Bone Forearm Fractures: A Dorsal Approach to the Radius -- Management of Elbow Stiffness. |
| Sommario/riassunto | Comprised exclusively of more than 20 clinical cases covering common fractures of and around the elbow, this concise, practical casebook will |

provide clinicians with the best real-world strategies to properly manage open and closed fractures, dislocations and nonunions of the distal humerus and proximal radius and ulna. Each chapter is a case that opens with a unique clinical presentation with associated radiology, followed by a description of the diagnosis, assessment and management techniques used to treat it, as well as the case outcome and clinical pearls. Cases included illustrate the surgical management of intra- and extra-articular fractures of the distal humerus, coronal shear, coronoid and olecranon fractures, the “terrible triad,” Monteggia fractures, and complications, among others. Pragmatic and reader-friendly, *Fractures of the Elbow: A Clinical Casebook* will be an excellent resource for orthopedic surgeons and sports medicine specialists confronted with these common injuries of the elbow.
