

1. Record Nr.	UNINA9910349548703321
Autore	Babar Judith
Titolo	EDiR - The Essential Guide // by Judith Babar, Ouz Dicle, Hildo J. Lamb, Laura Oleaga, Fermín Sáez
Pubbl/distr/stampa	Cham : , : Springer International Publishing : , : Imprint : Springer, , 2019
ISBN	9783030200664 3030200663
Edizione	[1st ed. 2019.]
Descrizione fisica	1 online resource (XIV, 214 p. 181 illus., 36 illus. in color.)
Disciplina	616.0757076 616.0757
Soggetti	Radiology
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Foreword -- Preface -- Acknowledgements -- 1. Abdominal Radiology -- 2. Breast Radiology -- 3. Cardiac Radiology -- 4. Chest Radiology -- 5. Genitourinary Radiology -- 6. Head and Neck Radiology -- 7. Interventional and Vascular Radiology -- 8. Musculoskeletal Radiology -- 9. Neuroradiology -- 10. Paediatric Radiology -- 10. Contrast Media and Radiopharmaceuticals -- 11. Imaging Physics -- 13. Safety and Management.
Sommario/riassunto	This EDiR guide has a practical rather than a theoretical focus, and is intended as a reference tool for potential EDiR candidates who would like to gain a better understanding of the EDiR examination. A pool of experts has made every possible effort to create a single source that contains everything needed to successfully pass the EDiR examination. Times have changed, and there is certainly a new generation of radiologists who will find this cutting-edge tool a “must-have” to familiarize themselves with the examination quickly and easily. The book is divided into the following main sections: one chapter for each subspecialty; one chapter on Safety, Management and Imaging Procedures; another on Principles of Imaging Techniques and Processing; and lastly, one on Management. This structure follows the same pattern as the EDiR examination, which is based on the European Training Curriculum (ETC) for Radiology released by the European

Society of Radiology (ESR). Each subspecialty is covered using the same basic structure: Multiple Response Questions (MRQs), Short Cases (SCs) and CORE Cases from one of the most recent EDiR examinations. Students will thus be able to see all the questions from a recent examination and learn from the answers and comments provided by our pool of experts. Clinical cases as electronic supplementary material complete the book, and links to EDiR preparation sessions are also included, allowing students to improve their knowledge of specific areas.
