

1. Record Nr.	UNINA9910511327203321
Autore	Lahiji Nadir <1948->
Titolo	Adventures with the theory of the baroque and French philosophy // Nadir Lahiji
Pubbl/distr/stampa	New York : , : Bloomsbury, , 2016
ISBN	1-4742-2853-4 1-4742-2855-0 1-4742-2852-6
Descrizione fisica	1 online resource (297 pages) : illustrations
Disciplina	720.1
Soggetti	Aesthetics, Baroque Aesthetics, French Architecture - Philosophy Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Philosophy, architecture, and the baroque subject to truth -- Excursus: variations on the theme of baroque theory and philosophy -- The philosophical theory of baroque -- The baroque and jouissance: Jacques Lacan -- The baroque and the fold: Gilles Deleuze -- Interlude 1: theorization of baroque as event -- Modernity, madness, and the baroque criticism -- Cogito and the baroque in the age of reason: reading Foucault -- Baroque reason and the madness of vision: reading Buci-Glucksmann -- Theology and the baroque room: reading Benjamin -- Culture industry and the (neo-)baroque: reading Adorno -- Architecture and the theory of the baroque -- The misadventure of architecture with French philosophy -- Digital neobaroque and the hyper-Deleuzeans of architecture -- Against the architectural reading of the fold -- The draped neobaroque: is it possible not to love Frank Gehry? -- Interlude: post-rationalism and theorization of the baroque as real -- Post-rationalism and the adventure with french philosophy -- De-suturing architecture: philosophy and anti-philosophy -- Capitalism, idolatry, and critique of neobaroque ideology -- The missed encounter of architecture with post-rationalism.

"Analysing the reception of contemporary French philosophy in architecture over the last four decades, *Adventures with the Theory of the Baroque and French Philosophy* discusses the problematic nature of importing philosophical categories into architecture. Focusing particularly on the philosophical notion of the Baroque in Gilles Deleuze, this study examines traditional interpretations of the concept in contemporary architecture theory, throwing up specific problems such as the aestheticization of building theory and practice. Identifying these and other issues, Nadir Lahiji constructs a concept of the baroque in contrast to the contemporary understanding in architecture discourse. Challenging the contemporary dominance of the Neo-Baroque as a phenomenon related to postmodernism and late capitalism, he establishes the Baroque as a name for the paradoxical unity of 'kitsch' and 'high' art and argues that the digital turn has enhanced the return of the Baroque in contemporary culture and architectural practice that he brands a pseudo-event in the term 'neobaroque'. Lahiji's original critique expands on the misadventure of architecture with French Philosophy and explains why the category of the Baroque, if it is still useful to keep in architecture criticism, must be tied to the notion of Post-Rationalism. Within this latter notion, he draws on the work of Alain Badiou to theorize a new concept of the Baroque as Event. Alongside close readings of Walter Benjamin, Theodor Adorno and Michel Foucault related to the criticism of the Baroque and Modernity and discussions of the work of Frank Gehry, in particular, this study draws on Jacques Lacan's concept of the baroque and presents the first comprehensive treatment of the psychoanalytical theory of the Baroque in the work of Lacan."--Bloomsbury Publishing.

2. Record Nr.	UNINA9910349550503321
Titolo	Clinical Nephrogeriatrics : An Evidence-Based Guide // edited by Carlos Guido Musso, José Ricardo Jauregui, Juan Florencio Macías-Núñez, Adrian Covic
Pubbl/distr/stampa	Cham : , : Springer International Publishing : , : Imprint : Springer, , 2019
ISBN	3-030-18711-X
Edizione	[1st ed. 2019.]
Descrizione fisica	1 online resource (269 pages)
Disciplina	618.97
Soggetti	Nephrology Geriatrics Geriatric nursing Geriatrics/Gerontology Geriatric Care
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Chapter 1. Structural and functional renal changes secondary to aging -- Chapter 2. Renal aging and chronic kidney disease in the elderly: which are the differences? -- Chapter 3. Frailty in Chronic Kidney Disease Elderly Patients -- Chapter 4. Water, electrolyte, and acid-base disorders in the elderly -- Chapter 5. Hypertension in the Elderly -- Chapter 6. Urinary Tract Infections in the elderly -- Chapter 7. Glomerulopathies in the Elderly -- Chapter 8. Acute kidney Injury in the elderly -- Chapter 9. Nephroprotection in the elderly -- Chapter 10. Hemodialysis in the Elderly -- Chapter 11. Frailty among elderly patients on chronic maintenance hemodialysis for ESRD: Not simply a matter of chronological age -- Chapter 12. Peritoneal Dialysis in the Elderly Patient -- Chapter 13. Kidney Transplant in Elderly -- Chapter 14. Nephrolithiasis in the Elderly -- Chapter 15. Nutrition in the elderly with renal disease -- Chapter 16. Pharmacogeriatrics and the kidney -- Chapter 17. Conservative and palliative care in elderly patients with end-stage renal disease.
Sommario/riassunto	The increase in average life expectancy observed over recent decades

has brought new challenges to nephrology practice. Several renal diseases are more frequent in elderly patients today, and even in healthy older individuals renal physiology has its own peculiarities. This leads to the need for a specific approach on renal aging and renal function in the elderly. However, despite the relevance of this topic, there are few books exclusively dedicated to geriatric nephrology. This book fills this gap by presenting a comprehensive overview of the differences between normal renal aging and chronic renal disease in the aged, and describes the particular aspects of nephropathy in the elderly, addressing it in a practical and clinically applicable fashion. Clinical Nephrogeriatrics bridges the gap between nephrology and geriatrics, discussing the most important issues concerning the relationship between these two medical specialties. This evidence-based resource, written by prominent specialists with extensive clinical experience, offers nephrologists, geriatricians, family physicians, and other medical professionals valuable practical guidelines and insights to enhance their clinical practice and provide optimal care.
