

1. Record Nr.	UNINA9910349555503321
Autore	Hudnall S. David
Titolo	Pocket Guide to Diagnostic Hematopathology // by S. David Hudnall, Melissa A. Much, Alexa J. Siddon
Pubbl/distr/stampa	Cham : , : Springer International Publishing : , : Imprint : Springer, , 2019
ISBN	3-030-10630-6
Edizione	[1st ed. 2019.]
Descrizione fisica	1 online resource (395 pages)
Disciplina	616.15075
Soggetti	Pathology Oncology Oncology
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Chronic Myeloid Neoplasms -- Myeloid Neoplasms with Germline Predisposition -- Acute Myeloid Leukemia and Related Precursor Neoplasms -- Mastocytosis -- Blastic Plasmacytoid Dendritic Cell Neoplasm -- Myeloid/Lymphoid Neoplasms with Eosinophilia and Rearrangement of PDGFRA, PDGFRB, FGFR1, or with PCM1-JAK2 -- Acute Leukemias of Ambiguous Lineage -- Precursor Lymphoid Neoplasms -- Mature B Cell Neoplasms -- Immunodeficiency-Associated Lymphoproliferative Disorders -- Mature T- and NK-Cell Neoplasms -- Hodgkin Lymphomas -- Histiocytic and Dendritic Cell Neoplasms -- Non-Neoplastic Marrow Findings -- Non-Neoplastic Lymph Node and Spleen Lesions.
Sommario/riassunto	This book is designed not as a comprehensive textbook, but instead as a short practical guide to diagnosis of neoplastic and non-neoplastic diseases of blood, bone marrow, and lymphoid tissues. Concise and easy to read, this text provides essential information in a bulleted text format. This simple format was chosen to provide essential information that may quickly be reviewed at the microscope. Each single-page entry begins with a brief one-line Snapshot description, followed by short descriptions of important clinical, morphologic, immunohistochemical, and genetic features, and ending with Caveats and Pearls and Differential Diagnosis. In most cases, entries are accompanied by a few

high-quality histologic images. To keep the text concise, recommended texts and recent review articles are cited in the bibliography at the end of the book. To help quickly find alternative diagnoses, the index cross-references all differential diagnoses. The Pocket Guide to Diagnostic Hematopathology should be of use to practicing hematopathologists (academic and private) and hematologic oncologists, as well as trainees (fellows) in hematopathology and hematologic oncology.
