

1. Record Nr.	UNINA9910350200103321
Autore	Chantereau Jacques
Titolo	Le sorgho / / Jacques Chantereau [and three others] ; avec la collaboration de Genevieve Fliedel
Pubbl/distr/stampa	éditions Quæ, 2013 Versailles, France : , : Editions Quæ, , 2013 ©2013
ISBN	2-7592-2062-1
Descrizione fisica	1 online resource (267 p.)
Collana	Agricultures tropicales en poche, , 1778-6568
Disciplina	633.174
Soggetti	Sorghum - Tropics
Lingua di pubblicazione	Francese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Sommario/riassunto	Sorghum is a vital food crop for populations in arid and sub-arid areas. It is also cultivated in temperate areas for animal feed. This book addresses all aspects of the plant (biology, genetics, sensitivity to pests) together with the cultivation systems, harvesting methods and how it is processed into human food. A wealth of illustrations supplement the in-depth, up-to-date knowledge on sorghum, its ecological functions and integrated protection.
