

1. Record Nr.	UNINA9910350225803321
Titolo	Emergencies in Neurology : Volume II // edited by Mamta Bhushan Singh, Rohit Bhatia
Pubbl/distr/stampa	Singapore : , : Springer Singapore : , : Imprint : Springer, , 2019
ISBN	981-13-7381-7
Edizione	[2nd ed. 2019.]
Descrizione fisica	1 online resource (268 pages)
Disciplina	616.80428
Soggetti	Neurology Emergency medicine Neurology Emergency Medicine
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Neurological emergencies in tropical infections -- Autoimmune encephalitis -- Acute demyelinating emergencies -- Acute non-traumatic myelopathies -- Neuromuscular emergencies -- Movement disorders in the emergency -- Neurological emergencies in the immunocompromised -- Neurological emergencies in pregnancy -- Acute neurological emergencies in drug abusers in India -- Neuro-oncology emergencies induced by chemotherapy -- Neurosurgical interventions in neurological emergencies -- Toxins and nervous system -- The problem of death in critical care medicine.
Sommario/riassunto	This is the second edition (in two volumes) of a well-received book that reflects current practices in the management of neurological emergencies. It was written bearing in mind the needs of first-contact physicians, who may be neurology trainees, neurology consultants, or interns. Special attention has been paid to various aspects of managing patients at the emergency department, from taking a good clinical history, to completing a quick and focused clinical examination, to investigating and commencing treatment. Neurological emergencies are unique in that they appear abruptly, generally follow a volatile course, and require a prompt yet balanced response. The management of neurological emergencies has been a major challenge in the past, and

today, early and aggressive approaches are generally recommended. Exploring these and other aspects, the book offers a valuable asset for all practitioners seeking answers to the questions that inevitably arise while attempting to manage such critical situations.
