Nota di contenuto	The basic theories of military law -- The core military law -- The national defence law -- The Law of war -- The international military law.
Sommario/riassunto	The book makes a comprehensive analysis of the basic principles and theories of military law, restructuring the theoretic framework of military law. It also puts forwards the new concepts of “core military law” and “international military law” for the first time in China, and even the world. The book could help legal scholars and lawyers, especially military lawyers and research fellows in military law, to have a new approach to study military law. .
