

1. Record Nr.	UNINA9910350350903321
Autore	Maithani Mukesh
Titolo	Development of Novel Stability Indicating Methods Using Liquid Chromatography // by Mukesh Maithani, Parveen Bansal
Pubbl/distr/stampa	Singapore : , : Springer Singapore : , : Imprint : Springer, , 2019
ISBN	981-13-8723-0
Edizione	[1st ed. 2019.]
Descrizione fisica	1 online resource (xxii, 101 pages)
Disciplina	616.075
Soggetti	Diagnosis, Laboratory Pharmaceutical technology Chromatographic analysis Pharmacy Laboratory Medicine Pharmaceutical Sciences/Technology Chromatography
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Chapter 1. Introduction -- Chapter 2. Research Envisaged -- Chapter 3. Drug(s) Profile -- Chapter 4. Materials and Methods -- Chapter 5. Results and Discussion -- Chapter 6. Summary and Conclusion.-.
Sommario/riassunto	Reversed-phase high-performance liquid chromatography (RP-HPLC) has become the most widely used method for pharmaceutical analysis, as it ensures accuracy, specificity and reproducibility for the quantification of drugs, while avoiding interference from any of the excipients that are normally present in pharmaceutical dosage forms. This book presents a simple methodology for developing stability-indicating methods and offers a 'how-to guide' to creating novel stability-indicating methods using liquid chromatography. It provides the detailed information needed to devise a stability-indicating method for drug substances and drug products that comply with international regulatory guidelines. As such, it is a must-read for anyone engaged in analytical and bioanalytical chemistry: professionals at reference, test, and control laboratories; students and academics at research laboratories, and scientists working for chemical, pharmaceutical, and

biotechnology companies.

Autore	Dienelt Anne
Titolo	Armed Conflicts and the Environment : Complementing the Laws of Armed Conflict with Human Rights Law and International Environmental Law // by Anne Dienelt
Pubbl/distr/stampa	Cham : , : Springer International Publishing : , : Imprint : Springer, , 2022
ISBN	9783030993399 9783030993382
Edizione	[1st ed. 2022.]
Descrizione fisica	1 online resource (xv, 349 pages)
Disciplina	172.42 341.6
Soggetti	Humanitarian law Human rights Environmental law, International International Humanitarian Law, Law of Armed Conflict Human Rights International Environmental Law
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Introduction -- The Environment and The Laws of Armed Conflict -- The Environment and Human Rights -- The Environment and International Environmental Law -- Complementing the Laws Of Armed Conflict with Human Rights Law and International Environmental Law -- General Conclusion.
Sommario/riassunto	The book rethinks the means of harmonization of prima facie norm conflicts in light of the multitude of international agreements across regimes. The methodology deployed in this book, which is referred to as complementation or complementary application, represents a novel approach by focusing on commonly shared objectives and a unifying ordre public transnational across fields of public international law that

allow for a harmonization beyond traditional treaty interpretation. Fields of public international law, mainly the laws of armed conflict, international environmental law, and human rights law, apply simultaneously to questions regarding the environment and war. Such a coexistence challenges the unity of the international legal order, and it also challenges the means of harmonization across fields of public international law. However, eventually, the co-existence of several fields of public international law can result in a refinement of international law and enhanced legal protection. Diversification can also contribute to clarification or normative intensification in areas of parallel application of various fields and multilayered legal protection, demonstrating a counter-option to fragmentation.
