Sommario/riassunto	Cette réflexion de Jacques Léonard doit être prise au sérieux. Cinquante ans après la parution de l'Histoire de la folie et alors que s'achève la publication des cours au Collège de France, le dialogue des

historiens avec Michel Foucault se poursuit. Les textes réunis dans ce volume, abordant des périodes historiques différentes, mettent en avant des expériences individuelles au contact d'un Foucault désacralisé. Ils questionnent aussi bien des chantiers ouverts par Foucault (folie et déraison, enfermement psychiatrique et carcéral, pastorale, sexualité), des outils conceptuels (pratiques discursives, biopolitique, gouvernementalité, techniques de soi, régimes de vérité, objectivation du sujet), que des propositions historiographiques et épistémologiques (archéologie et généalogie, césure et continuité). Dans cette mise à l'épreuve, le passé devient un lieu de problématisation du présent, et l'histoire, une voie qui singularise l'actualité.

Sommario/riassunto

In *Poetry and Censorship* Jennifer Helm offers insight into motives and strategies of Counter-Reformation censorship of poetry in Italy. Materials of Roman censorial authorities reveal why the control of poetry and of its reception was crucial to Counter-Reformation cultural politics. Censorship of poetry should enable the church to influence human inner life that ---from thought and belief to fantasy and feeling--- was evolving considerably at that time. The control of poetic genres and modes of writing played an important part here. Yet, to what extent censorship could affect poetic creation emerges from a manuscript of the Venetian poet Domenico Venier. The materials suggest the impact of Counter-Reformation censorship on poetry began earlier and was more extensive than has yet been propagated.
