Present and Future EU GMO Policy -- 14. EU Biofuel Policies for Road and Rail Transportation Sector -- 15. Bio-Based Economy Strategy -- 16. Opportunities and the Policy Challenges to the Circular Agri-Food System -- 17. Future Developments in EU

## Bio-Based Economy.

### Sommario/riassunto

This two-volume book provides an important overview to EU economic and policy issues related to the development of the bioeconomy. What have been the recent trends and what are the implications for future economic development and policy making? Where does EU bioeconomy policy sit within an international context and what are the financial frameworks behind them? Volume II explores the EU food sector, as well as food law and legislation, rural development in the EU, bio-based economy strategy, the circular economy and and bioenergy policies.
