

1. Record Nr.	UNINA9910357826803321
Titolo	Cardiac Pathology : a guide to current practice // edited by S. Kim Suvarna
Pubbl/distr/stampa	Cham : , : Springer International Publishing : , : Imprint : Springer , , 2019
ISBN	3-030-24560-8
Edizione	[2nd ed. 2019.]
Descrizione fisica	1 online resource (IX, 323 p. 527 illus., 497 illus. in color.)
Disciplina	616.07
Soggetti	Pathology Medical jurisprudence Cardiology Heart - Surgery Forensic Medicine Cardiac Surgery Malalties del cor Llibres electrònics
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	General Considerations and Anatomy -- Cardiac Electrophysiology -- Cardiac Imaging -- Current Therapeutics for Cardiac Disease -- The Heart at Autopsy -- Embryology of the Heart -- Ischemic Heart Disease -- Myocarditis/Inflammatory Cardiomyopathy -- Valvular Heart Disease -- Transplant Pathology -- Cardiomyopathies -- Cardiac Tumours -- Congenital Heart Disease -- Sudden Cardiac Death -- Post-Mortem Cardiac Imaging. .
Sommario/riassunto	This updated second edition provides a comprehensive overview of cardiac pathology. Clear illustrations of the common styles of dissection are provided along with the normal anatomy and histology. The chapters cover autopsy heart examination, ischemic heart disease, myocarditis, sudden death, valvular disease, transplant pathology, cardiomyopathy, cardiac neoplasia and congenital heart disease with a clear analysis of diagnostic criteria (macroscopic, microscopic and genetic) for both common cardiac diseases and those of less common

types. The text is accompanied by high quality macroscopic and microscopic images and references to other specialty data sources. **Cardiac Pathology: A Guide to Current Practice** is aimed at established pathologists and trainees, as well as any clinician with an interest in cardiac disease. It will be of value to those working in cardiac surgery, cardiology and those in the autopsy/forensic fields.
