Independent regulatory authorities and representative claim-making in the Netherlands, 1997-now / Adriejan van Veen.
Sommario/riassunto	This volume examines modes of political communication between rulers and ruled from antiquity to the present by applying the concept of representation. It explores the dynamic relationship between elites and the people which is shaped by self-representation and representative claims. Readership: All scholars and students interested in the phenomenon of political representation, from antiquity to the present day.
