Sommario/riassunto	This book is a personal testimony by Luiz Inácio Lula da Silva, the former President of Brazil, detailing his experiences and perspectives on the political upheaval in Brazil, particularly focusing on his imprisonment and the impeachment of President Dilma Rousseff. Lula provides a revealing account of the political and social dynamics that have shaped contemporary Brazil, highlighting the erosion of democratic principles and the manipulation of public opinion. Through his narrative, Lula aims to expose the injustices faced by the marginalized and to offer a message of hope and resilience. The book serves as both a historical record and a call to action for future

generations to pursue justice and equality.
