A Sociological Perspective on Diversity in ELT Coursebooks. Grit Alter -- 8. Approaching Diversity in Education: Pedagogic and Queer Perspectives. Christiane Lütge, Thorsten Merse.
Sommario/riassunto	This edited collection brings together experts from various disciplines to engage critically with diversity theory, diversity politics, and their practical application.. Accordingly, the volume provides a provocative discursive space, where the key theoretical as well as practical problems of diversity in business, institutions and culture can speak to each other and can be assessed. The aim is to bridge the gap between

two relatively distinct discourses: the discourse on practical applications of diversity concepts and the discourse on theoretical approaches to diversity. This selection of articles delivers the first step towards achieving this goal. Approaching diversity from a business perspective, the chapters discuss its ramifications on democratic institutions and theory, as well as point to its relevance in didactic and educational settings.
