Priesthood and Sectarianism -- Chapter 5. Priesthood and Allegory -- Chapter 6. "The Children of Abraham Your Friend" -- Notes -- Bibliography -- Index -- Acknowledgments
Sommario/riassunto	According to the account in the Book of Exodus, God addresses the children of Israel as they stand before Mt. Sinai with the words, "You shall be to me a kingdom of priests and a holy nation" (19:6). The sentence, Martha Himmelfarb observes, is paradoxical, for priests are by definition a minority, yet the meaning in context is clear: the entire people is holy. The words also point to some significant tensions in the biblical understanding of the people of Israel. If the entire people is holy, why does it need priests? If membership in both people and priesthood is a matter not of merit but of birth, how can either the people or its priests hope to be holy? How can one reconcile the distance between the honor due the priest and the actual behavior of some who filled the role? What can the people do to make itself truly a kingdom of priests? Himmelfarb argues that these questions become central in Second Temple Judaism. She considers a range of texts from

this period, including the Book of Watchers, the Book of Jubilees, legal documents from the Dead Sea Scrolls, the writings of Philo of Alexandria, and the Book of Revelation of the New Testament, and goes on to explore rabbinic Judaism's emphasis on descent as the primary criterion for inclusion among the chosen people of Israel-a position, she contends, that took on new force in reaction to early Christian disparagement of the idea that mere descent from Abraham was sufficient for salvation.

3. Record Nr.	UNINA9910369913603321
Autore	Lee Chae-Jin

#### Sommario/riassunto

This is a unique and definitive study to reassess the complex dynamics of US-Korea diplomatic relations during the Reagan presidency. It examines the goals, methods, and legacy of Reagan's policy toward Korea with emphasis on the realities of alliance politics and the tactics of quiet diplomacy. It questions a widely held view that Reagan showed simplistic, inattentive, and rigid approaches toward foreign affairs, arguing that his actual policy, as demonstrated in the Korea case, was more sophisticated, nuanced, and pragmatic than commonly assumed. Based on a vast amount of confidential diplomatic documents, especially in Korean, and interviews the author has conducted with US and Korean leaders, Lee sheds new light on Reagan's role in promoting democratization in South Korea as well as his engagement with North Korea.
