Nota di contenuto	With Europe, but not of Europe -- Cameron Fighting the EU and His Own Party: Preparing For Brexit -- Brexit means Brexit: Squaring the Circle -- Brexit and No End -- A Crystal Ball?
Sommario/riassunto	This book offers a comprehensive political assessment of Brexit. Based on a historical review of the role of the United Kingdom in the European Union, the author, a former diplomat at the German embassy in London, presents well-founded insights into arguments in favor and against the Brexit deal and the status quo of the Brexit negotiations. Furthermore, the book discusses the consequences of Brexit – for the UK and the rest of the EU, for security in Europe, and for the transatlantic relationship, as well as for global trade relations and the competitiveness of Europe and the UK. This book offers a unique perspective of Britain’s troubled engagement with the continent. Everyone concerned with the future of Britain and of the EU should read it. — Vernon Bogdanor, Professor of Politics, King’s College, London. A must read for everyone interested in Brexit and its consequences – for

the UK and for the EU. — Wolfgang Ischinger, Chair, Munich Security Conference, German Ambassador in London 2006–2008. An excellently sourced book to which future historians will turn to as a trustworthy guide to this most complex crisis in Anglo-Continental relations. Simply a masterpiece. — Thomas Kielinger, since 1998 correspondent in London.
