| Sommario/riassunto | This book represents the first scholarly attempt to summarize and analyze how Korea's relationship with Africa has been shaped in policy and non-policy aspects. It shows how far it has come and where it goes. The book recognizes that Korea-Africa relations, though relatively new, break ground by acknowledging the importance of a diligent endeavor to carry out post-colonial development, and have continued to grow as we find promising progress and opportunities in |

the mutual cooperation between the two. This book is all-inclusive, covering Korea's academic, economic, diplomatic, and civil engagements with Africa. It investigates untold aspects of Korea-Africa relations.
