Sommario/riassunto

The story of the civil rights movement is not simply the history of its major players but is also the stories of a host of lesser-known individuals whose actions were essential to the movement's successes. Duncan M. Gray Jr., an Episcopal priest who served various Mississippi parishes between 1953 and 1974, when he was elected bishop of Mississippi, is one of these individuals. And One Was a Priest is his remarkable story. From one perspective, Gray (b. 1926) would seem an unlikely spokesman for racial equality and reconciliation. He could have been content simply to become a member of the whi

Sommario/riassunto

This textbook details the nursing care of babies with life limiting conditions and sets the context within the philosophy of internationally collaborative neonatal palliative care emphasising emotional and practical support for their families. Currently, increasing interest from nursing and medical fields regarding palliative care for babies in the antenatal and neonatal period is evident. This innovative and unique text provides experienced nurses and student nurses alike with realistic guidance in caring for babies with palliative care needs, alongside the crucial support for their families and identifies important strategies for professional self care. Nursing experts in this field collaborated to develop a reference book which supports holistic and integrated clinical practice. Parents' experiences of what they consider helpful or not so helpful are interwoven throughout the chapter. There is currently no other textbook which offers the above information and guidance specifically for nurses and allied health professionals. As such this book will appeal to all nurses and health professionals working within the neonatal palliative care specialty in a global context. .
