   Sommario/riassunto The IEEE ACM Automated Software Engineering (ASE) Conference series
                       is the premier research forum for automated software engineering Each
                       year, it brings together researchers and practitioners from academia
                       and industry to discuss foundations, techniques and tools for
                       automating the analysis, design, implementation, testing, and
                       maintenance of large software systems.
