

1. Record Nr.	UNINA9910708338703321
Titolo	Exploring opportunities to strengthen education research while protecting student privacy : hearing before the Subcommittee on Early Childhood, Elementary and Secondary Education, Committee on Education and the Workforce, U.S. House of Representatives, One Hundred Fifteenth Congress, first session, hearing held in Washington, DC, June 28, 2017
Pubbl/distr/stampa	Washington : , : U.S. Government Publishing Office, , 2018
Descrizione fisica	1 online resource (iii, 82 pages)
Soggetti	Education - Research - United States Educational evaluation - United States Student records - Access control - United States Data mining - Government policy - United States Privacy, Right of - United States Legislative hearings.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Paper version available for sale by the Superintendent of Documents, United States Government Publishing Office. "Serial no. 115-21."
Nota di bibliografia	Includes bibliographical references.

2. Record Nr.	UNINA9910375970203321
Titolo	The 2nd International Conference on Computer Science and Application Engineering : October 22-24, 2018, Hohhot, China : CSAE 2018 / / Ali Emrouznejad, editor, organizer ; Zhihong Qian, organizer
Pubbl/distr/stampa	New York NY : , : ACM, , 2018
Descrizione fisica	1 online resource (1083 pages) : illustrations
Collana	ACM international conference proceedings series
Disciplina	621.39
Soggetti	Computer engineering Computer science Information technology
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Session I: Algorithm and Data Structure -- Session II: Big Data & Cloud Computing -- Session III: Communication Networks -- Session IV: Computational Science and Engineering -- Session V: Data Mining, AI and Machine Learning -- Session VI : Image Processing & Text Analytics -- Session VII : Information Systems and Applications -- Session VIII: Intelligent Transportation System -- Session IX: Software Engineering, Security and Cryptology.
Sommario/riassunto	The 2nd International Conference on Computer Science and Application Engineering (CSAE 2018) was successfully held in Hohhot during October 22-24, 2018. The conference was to provide a high forum for researchers, scholars, and engineers in the general areas of Computer Sciences and Application Engineering to disseminate their latest research results and exchange views on the future research directions of these fields, to exchange computer science and integrate of its practice, application of the academic ideas, improve the academic depth of computer science and its application, provide an international communication platform for technology and scientific research for the world universities, business intelligence engineering field experts, professionals, and business executives.
