Nota di contenuto	Introduction -- Research Overview -- Diaspora and Identity -- Yrsni Religious Practice and Identity -- Yrsni Religious Innovation and Transformation -- Yrsni Community and the Internet -- Conclusion.
Sommario/riassunto	This book examines how socio-political surroundings have affected the evolution of Yrsni religious thought and why the Yrsni religious belief, despite its fundamental disagreement with Islamic tenets, has been affiliated with Islam. It also considers the historical context and socio-religious milieu in which the Yrsni belief appropriates religious forces to survive their religion, how Yrsnis experience their religion in Islamic society, and what are differences are significant in their lived experiences. The author explores how the experience of worship influences real life for the Yrsnis from the perspectives of sociology, behaviorism, content analysis, cultural studies and ethnography in Iran and diaspora with focus on Sweden. Yrsni followers became known as those who "don't tell secrets," primarily because they were not allowed to promote and advertise their religion in public, but recently have started to reveal their religion, especially in social media. This

book discovers the transformation of this religion, and in particular in which context an individual can change the content of religion, and bring about new ideas regarding religion and belief.
