| Nota di contenuto | Vulnerabilities -- Secret immobilities and the poetics of the uncanny -- Dreaming the colonized world : the resonance of captivity -- You can't repair history -- Here comes a change : at home in the weird -- It all comes together : power, containment, the dream of escape -- One more thing. |
| Sommario/riassunto | "The Resonance of Unseen Things offers an ethnographic meditation on the "uncanny" persistence and cultural freight of conspiracy theory. The project is a reading of conspiracy theory as an index of a certain strain of late 20th-century American despondency and malaise, especially as understood by people experiencing downward social mobility. Written by a cultural anthropologist with a literary background, this deeply interdisciplinary book focuses on the enduring American preoccupation with captivity in a rapidly transforming world. Captivity is a trope that appears in both ordinary and fantastic iterations here, and Susan Lepselter shows how multiple troubled histories--of race, class, gender, and power--become compressed into stories of uncanny memory"--Publisher's description. |
