

1. Record Nr.	UNINA9910383659503321
Autore	Kim Bongcheol
Titolo	The Art and Science of Thread Lifting : Based on Pinch Anatomy // by Bongcheol Kim, Seungmin Oh, Wonsug Jung
Pubbl/distr/stampa	Singapore : , : Springer Singapore : , : Imprint : Springer, , 2019
ISBN	981-13-0614-1
Edizione	[1st ed. 2019.]
Descrizione fisica	1 online resource (XXVIII, 267 p. 247 illus., 246 illus. in color.)
Disciplina	617.952
Soggetti	Surgery, Plastic Plastic Surgery
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	1. The importance of the fixation technique -- 2. Facial anatomy for lifting -- 3. PINCH anatomy -- 4. Understanding of the absorbable thread -- 5. Basic technique -- 6. Techniques for each thread types -- 7. Techniques for each area -- 8. New technique for Result evaluation -- 9. Complication & management.
Sommario/riassunto	This book is a thorough guide on how to perform safe and effective thread-lifting procedures as a less invasive approach to rejuvenation of the face. The opening chapters explain the importance of the fixation technique, describe the facial and the pinch anatomy, and discuss the characteristics of absorbable threads. Clear descriptions are then offered of the basic technique employed for thread lifting, as well as techniques applicable for each thread type and techniques specific to each anatomic area. Understanding is aided by the inclusion of an abundance of illustrations depicting anatomy and technique. Potential complications and their management are systematically explained, and a new approach to outcome evaluation is also presented. The Art and Science of Thread Lifting will help plastic surgeons and dermatologists at all levels of experience to achieve the best possible outcomes in individual patients.
