Sommario/riassunto	"Agri-Environmental Sciences (AGRIES), edited by the Dean of Research and Graduate Studies of the State University of Tocantins was initially known as AgroAmbiental journal. It is a free Brazilian journal, which had its first volume published in 2006/ The mission of AGRIES is to disseminate and to socialize the scientific production of professors and researchers working in the major areas of Agriculture Sciences and Biodiversity. The journal aims to publish original and unpublished articles, scientific notes and literature reviews (by invitation), written in Portuguese or English. The areas covered by the journal are: Agronomy, Biodiversity, Veterinary Medicine, Forest Resources and Forest Engineering, Animal Science and Fishery Resources and areas related to Animal and Vegetable Production"--website, viewed November 9, 2020.
