

1. Record Nr.	UNINA9910390556003321
Titolo	Acta agrophysica
Pubbl/distr/stampa	Lublin, Poland : , : Instytut Agrofizyki im. Bohdana Dobrzaskiego Polskiej Akademii Nauk
Descrizione fisica	1 online resource
Soggetti	Agricultural physics Physique agricole Periodicals.
Lingua di pubblicazione	Polacco
Formato	Materiale a stampa
Livello bibliografico	Periodico
Note generali	Refereed/Peer-reviewed
Sommario/riassunto	The results of fundamental and applied studies from the field of application of physics for the solution of problems relating to the management and protection of the natural environment, sustainable agriculture, and food processing. The periodical focuses on application of physics and physicochemistry in soil science, agriculture and environmental protection, monitoring and modelling of processes taking place in the environment and of technological processes in the food processing industry and in the production of renewable energy, physical and physicochemical methods for the study of properties of soils and plants, quality of the environment, raw materials and food products.
