<b>Sommario/riassunto</b>	This volume includes outstanding scientific articles on documents written in ancient languages such as Tocharian, Sogdian, Khotanese, and Old Uyghur. Its chief aims are to contribute to the present state of research by adding essential findings on newly discovered historical documents; to present a multi-dimensional investigation of diverse aspects including the history, religion, art, literature, and social life along the Silk Road; and to outline potential future research directions for non-Han literature studies and inspire research into other aspects, such as economics and comparative studies.
