

1. Record Nr.	UNINA9910407725503321
Titolo	Complications of Surgery for Male Urinary and Fecal Incontinence // edited by Salvatore Siracusano, Giuseppe Dodi, Michele Pennisi, Christian Gozzi, Antonio Luigi Pastore, Maria Angela Cerruto
Pubbl/distr/stampa	Cham : , : Springer International Publishing : , : Imprint : Springer, , 2020
ISBN	3-319-98264-8
Edizione	[1st ed. 2020.]
Descrizione fisica	1 online resource (168 pages)
Collana	Urodynamics, Neurourology and Pelvic Floor Dysfunctions, , 2510- 4047
Disciplina	616.62
Soggetti	Urology Rectum—Surgery Colorectal Surgery Cirurgia urològica Cirurgia colorectal Incontinència fecal Complicacions (Medicina) Llibres electrònics
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	PART I INTRODUCTORY REMARKS Chapter 1 Epidemiology of Male Urinary Incontinence -- Chapter 2 Epidemiology of Fecal Incontinence -- Chapter 3 Surgical Anatomy, Physiology and Pathophysiology of Lower Urinary Tract -- Chapter 4 Surgical Anatomy, Physiology and Pathophysiology of the Terminal Tract of the Large Intestine -- Chapter 5 Urinary and Fecal Incontinence: Preoperative Considerations -- Chapter 6 Fecal Incontinence: Preoperative Considerations -- PART II SURGICAL PROCEDURES AND INTRAOPERATIVE COMPLICATIONS Chapter 7 Artificial Urinary Sphincter (AUS): Surgical Procedures and Intraoperative Complications -- Chapter 8 Artificial Anal Sphincter: Surgical Procedure and Intraoperative Complications -- Chapter 9 Procedures and Intraoperative Complications of Slings for Urinary Incontinence -- Chapter 10 Slings for Faecal Incontinence: Surgical

Procedure and Intraoperative Complications -- Chapter 11 ProACT for Urinary Incontinence: Surgical Technique and Intraoperative Complications -- Chapter 12 Bulking Agents for Urinary Incontinence: Surgical Procedure and Intraoperative Complications -- Chapter 13 Bulking Agents for Fecal Incontinence: Surgical Procedure and Intraoperative Complications -- Chapter 14 Sacral Neuromodulation for Urinary Incontinence: Surgical Procedure and Intraoperative Complications -- Chapter 15 Sacral Nerve Modulation: Surgical Procedure and Intraoperative Complications -- Chapter 16 Anal Sphincter Reconstruction and Graciloplasty -- Chapter 17 Radiofrequency (SECCA) for Fecal Incontinence: Procedure and Intraoperative Complications -- PART III SHORT, INTERMEDIATE AND LONG-TERM POSTOPERATIVE COMPLICATIONS Chapter 18 Artificial Urinary Sphincter (AUS): Short, Intermediate and Long-Term Postoperative Complications -- Chapter 19 Artificial Anal Sphincter: Short, Intermediate and Long Term Post-Operative Complications -- Chapter 20 Complications of Anal Sphincter Reconstruction and Graciloplasty -- Chapter 21 Short, Intermediate and Long-Term Postoperative Complications of Slings for Urinary Incontinence -- Chapter 22 Slings for Faecal Incontinence: Short, Intermediate and Long-Term Postoperative Complications -- Chapter 23 Bulking Agents for Fecal Incontinence: Short, Intermediate and Long-Term Postoperative Complications -- Chapter 24 Postoperative Complications of Sacral Neuromodulation for Fecal Incontinence -- Chapter 25 A Complication in SECCA Procedure: Case of Anal Abscess.

Sommario/riassunto

This text provides a comprehensive and multidisciplinary, state-of-the-art review of complications related to surgical procedures for male urinary and fecal incontinence. As surgery has evolved over the decades, newer and at times unexpected intraoperative and long-term complications have arisen. Specialists who are unfamiliar with them need to know how to manage these specific complications and, more importantly, how to avoid them in the course of their future practice. This volume provides an essential guide for all urologists, proctologists and surgeons operating on male patients with urinary and fecal incontinence.
