Sommario/riassunto	This book offers a comprehensive introduction to China's judicial administration system. It presents in-depth analyses of the country's current judicial administration system, as well as a new theory on the system that is based on the realities of today's China, and provides guidance on reform. The book examines the system as a whole, as well

as various specific aspects of judicial administration, putting forward bold theoretical proposals for improving China's judicial administration system and judicial system in general.
