

1. Record Nr.	UNINA9910412264903321
Autore	Tsantalis Nikolaos
Titolo	Proceedings of the 3rd International Workshop on Refactoring // Nikolaos Tsantalis, Yuanfang Cai, Serge Demeyer
Pubbl/distr/stampa	Los Alamitos, CA : , : IEEE Press, , 2019
Descrizione fisica	1 online resource (79 pages) : illustrations
Disciplina	005.1
Soggetti	Software Engineering
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	IWOR 2019 is the third in a series of workshops devoted to the topic of (software) refactoring. Refactoring is a disciplined technique for restructuring an existing body of code, altering its internal structure without changing its external behavior. It is a normal practice when evolving software systems and is documented as such in the software engineering body of knowledge (SWEBOk).
